Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 4424, dated the 16th November 1912, from the Revenue Commissioner in Mysore, forwarding the following letter from the Deputy Commissioner, Mysore District, reporting on the Cattle Show held at Chunchinkatte, Yedatore Taluk, in January 1912.

I have the honor to submit herewith correspondence ending with Mysore Division Assistant Commissioner's Memo No. 257—2054, dated 5th September 1912, regarding the cattle show held at Chunchinkatte in January last. It will be seen from the above that there was large concourse of people, that satisfactory sanitary arrangements were made, that there was no outbreak of cattle disease, that 280 cattle were exhibited at the show, that 27 prizes amounting to Rs. 200 were awarded, that the total income from all sources aggregated to Rs. 4,545-2-0 against Rs. 4,728-13-11 in the previous year and that the total expenditure was Rs. 200.

The system of levying fees on cattle and of ground rent on shops by Government agency was found to be working not very satisfactorily and consequently the right of collecting the above fees was sold by public auction and it fetched a sum of Rs. 4,042.

REPORT OF THE CHUNCHINKATTE JATRA AND THE CATTLE SHOW FOR THE YEAR 1911-12.

I. The jatra for the year began on the 10th January and continued till about the end of the month. The people gathered for the jatra were estimated to be about 20,000. Public health was good and the jatra passed off quietly and happily without any trouble either to the people or cattle. No cattle disease of any kind appeared in the *Horimala* and it gave great consolation both to buyers and sellers of the cattle.

The Sub-Division Officer, Mr. N. Madhava Rao, Police Superintendent Mr. Ranoji Rao and District Health Officer Mr. B. Krishna Rao were present and attended the cattle show.

The Cattle Disease Inspector was unable to attend the jatra this year, though a reference was made. Perhaps he had more urgent calls elsewhere, one Veterinary Inspector was however present.

Professional men were not able to attend the jatra and deliver lectures this year on agriculture and other allied subjects for the benefit of the raiyats that assembled in the jatra, but Mr. Ranoji Rao, Police Superintendent, in a brief and instructive speech very kindly dealt upon the several advantages that are derivable from the jatras and the cattle show of the kind.

There was a large number of selected cattle brought to show this year. The judges appointed for the purpose examined and tested the cattle with regard to their good qualities, march, etc., and the prizes were awarded by the President, (Sub-Division Officer).

From the list enclosed it will be seen that so many as 27 prizes amounting to Rs. 200 were awarded. The cattle that won the prizes were of various breeds as detailed in the list.

Necessary arrangements were made to picket the cattle and to leave the carts in the *Horimala* which was divided into blocks. Sufficient space was also left for the cattle to pass freely. The roads leading to various blocks together with the blocks were kept clean.

The work of levying fees on cattle and ground rent on shops was hitherto managed by Government agency.

The system was a laborious one and involved much difficulty. All the officials of the Taluk office, the patels, kulvadis, were employed to levy fees and the work of supervision, however strict it might be, was not wholly satisfactory.

The matter was simplified this year by the adoption of the system of giving out on contract the right of collecting fees both on cattle and shops.

The system which was kindly approved of by the Deputy Commissioner resulted not only in diminishing the trouble and unnecessary work in managing the affair, but resulted in bringing increased revenue to the temple.

The total revenue collected was Rs. 4,525-2-0 in all against Rs. 4,728-13-11 in the last year, but the last year's income included the expenditure of granting commission to the officials, *viz.*, Rs. 335. So, there was slight increase this year in the net income to the temple.

The revenue for the year consists of the items shewn below :—

Items	1910-11	1911-12	Remarks
	Rs. a. p.	Rs. a. p.	
(*a*) Fees on cattle	2,676 14 0	4,042 0 0	Deducting the expenditure Rs. 392-14-0 in the year 1910-11, the net income is Rs. 4,335-15-11.
(*b*) Ground rent on shops	1,505 10 8		
(*c*) Realization from golaka	130 1 3	98 2 0	
(*d*) Sale of manure	410 0 0	405 0 0	
(*e*) Sale of unserviceable articles	6 4 0	.....	
Total ...	4,728 13 11	4,545 2 0	

As regards the collection of ground rent by the contractors, there were some complaints from the petty traders to the effect that ground rent was indiscriminately levied. The complaints were however enquired into on the spot and the matter settled. No doubt some difficulty will be experienced in this matter but the method of fixing definite rates of fees for different kinds of shops will, I think, settle the question satisfactorily. Necessary efforts will be made this year to fix ground rent with reference to the space given and to the kind of trade carried on. Necessary arrangements should also be made to locate each kind of shop in a particular locality.

Sanitation.—The arrangements about sanitation were satisfactory but as the congregation of the people increases year after year, the amount sanctioned by the District Funds, *viz.*, Rs. 100, would scarcely suffice to adopt improved and effective methods of sanitation.

A reference has already been made with a view to utilize a portion of the jatra revenue for the improvement of the sanitation.

Police arrangements were satisfactory. Eight Reserve Police men were kindly deputed by the Police Superintendent as usual in addition to the Local Police. No crimes of any importance occurred during the jatra.

I cannot conclude this report without specially expressing my indebtedness to the Sub-Division Officer Mr. N. Madhava Rao, Police Superintendent Mr. Ranoji Rao, and the District Health Officer Mr. B. Krishna Rao, for the keen interest they evinced in not only guiding me but in taking active part both in connection with the cattle show, police, sanitary and other arrangements.

It is not out of place for me to mention here that my work of managing the whole affair without any trouble was due to the ready co-operation of the taluk subordinates.
